Will steal the breath from you

D D/B

I ll make some empty promises

Chorus 2

G

And I feel

D5 G

Things have been the same

D5 G

Since she went away

D5 Bm

All I know its just the way

A

She moves across a crowded room

G

And I feel

D5 G

That time and time again

D5 G

All we have are friends

D5 Bm

But oh my God its just the way

A

She moves, its just the way she moves

G D5

And I feel the dark is straight ahead

G D5

But all I have can t be replaced

G D5

And somethings must never change

Bm A

These feelings, about here

G D5

And I hold my heart, in my hands

G D5

Letting life just fall wherever

G D5

And I can t help but wonder if

Bm A

I ll ever fall in love again

D

And I feel.
