Tom Vek

it just goes like this...

Repeat the main riff throughout

```
|-----|  
|-----5-----4-----77-9-7-|  
|7-555---555---555-----|  
|-----|
```

When it gets to the bride wait for the bass then play..

```
|-----|  
|-----|  
|-----3-33-2-22-|  
|0-00-3-33-5-55555-0-00-----|
```

then return to the main riff when the guitar cuts back in.
