         **E**                      **B7**  
She s the spin on my world  
         **E**                      **B7**                      **E**  
All the stars make their wishes on her eyes

She s the moon in the mist to me  
         **B7**                      **E**  
She s my Coney Island Baby
