

Dead Lovely

Tom Waits

This song has a capo on the third fret. In order to keep things easy, I will name the as if the capo is the nut of the neck. ex)what is considered c minor will now be called minor.

There are a few things to remember for playing this song.

First)There is an alternating bass line between the root of a chord and the string above ex)for a c chord alternate the lowest c note with a g.

Second)There is a walkdown at the end of the intro and chorus that starts with a c add and walks the c note down to a b then the chord changes to an a minor. The catch is the c add nine isn t played the usual way. You don t add your fourth finger to any string instead take off the finger you have on the d string. Making the walkdown look like this

```

e-0--0--0-----|
b-1--1--1-----|
g-0--0--2-----|
d-0--0--2-----|
a-3--2--0-----|
e-----|

```

She thought she had the moon

G#min

In her pocket
