

Going Down Slow

Tom Waits

Another super easy, simple version of a cracking tune by Mr. Waits that I couldn't find on here. Hope you enjoy, and as always any mistakes are mine

GOING DOWN SLOW

Well, it's a quarter of two, And I'm looking at you

An we re, goin down, goin down slow

Yeah, it's a quarter of two, And I'm looking at you

An we re, goin down, goin down slow

TV went off about one, We have only begun

I know that the wine's nearly gone, But I got no intention of goin home

An it's a quarter of three, And you're diggin on me

An we re, goin down, goin down slow

(Solo) G D7 C D7 G G

Could stay here all night, Thinkin you're out of sight

Please get up and turn out the light

Cause there ain't nothing better than the middle a the night

When it's a quarter of four, An you're beggin for more

And we re, goin down, goin down slow

And we re, goin down, goin down slow

We re, goin down, goin down slow
