

## November

Tom Waits

November by Tom Waits

Normal tuning

Capo on First Fret

This is the more simple version of the song. Maybe I ll put on the advance version

With the capo on the first fret you should be able to play along :)

This is my first contribution... there is also a small video :)

Intro:

**Em**                    **C**                    **B**                    **B7**

**Em**                    **B7/F#**                    **G**                    **Dsus4**

No shadow no stars

**Dsus4**    **D**    **Em**                    **B7**

There s no moon and no cars

**Em**

November

**Em**                    **B7**

it only believes

**D**                    **G**

in a pile of dead leaves

**Em**                    **C**                    **B7**

and a moon that s the color of bone

**Em**                    **C**                    **D**                    **G (or B7)**

No prayers for November to linger longer

**Em**                    **B**    **B7**

stick your spoon in the w--all

**Em**                    **B**    **B7**

we ll slaughter them a--ll

**Em**                    **D/F#**                    **G**                    **D**

November has tied me to an old dead tree

**G**                    **D**                    **G**                    **B7**

get word to April to rescue me

**Em**                    **C**                    **D**                    **G**

November s cold chain made of wet boots and rain

**Em**                    **C**                    **D**                    **B7**

and shiny black ravens on chimney smoke lanes

**Em**                    **B**    **B7**

November seems o--dd

**Em B B7**

you re my firing sq--uad

**Em**

November

Bridge:

**Bm - C - C#m - D - D#m - E - B7**

**Em B7**

With my hair slicked back

**Em B7**

with carrion shellac

**Em B7**

with the blood from a pheasant

**Em B7**

and the bone from a hare

**Em C D G**

tied to the branches of a roebuck stag

**Em C D B7**

left to wave in the timber like a buck shot flag

**Em B B7**

Go away you rainsnout

**Em B B7**

go away blow your brains out

**Em**
