

## World Keeps Turning

Tom Waits

Capo First Fret

**C**  
On our anniversary  
**F** **C**  
There ll be someone else where you used to be  
**C** **E** **Am**  
The world don t care and yet it clings to me  
**F** **G** **G/C** **G**  
And the moon is gold and silvery

**C** **F/C** **C**  
Who knows where the sidewalk ends  
**F** **C**  
Well, the road will turn and the road will bend  
**C** **E** **Am**  
They always say he marks the sparrow s fall  
**F** **G** **G/C** **G**  
How can anyone believe it all?

**C** **F** **C**  
Well, the band has stopped playing but we keep dancing  
**G** **G7** **F** **C**  
The world keeps turning, the world keeps turning  
**C** **F** **C**  
On his hand he wore the ring of another  
**G** **G7** **F** **C**  
And the world keeps turning, the world keeps turning

**C** **F/C** **C**  
We broke the bank and we tore up the place  
**F** **C**  
And we disappeared oh without a trace  
**C** **E** **Am**  
Now the sun it falls into the sea  
**F** **G** **C/G** **G**  
And I know I m the only one for me

**C** **F** **C**  
I was so green and the dress you wore was yellow  
**G** **G7** **F** **C**  
And the world keeps turning, the world keeps turning  
**C** **F** **C**

The sun is down and the moon is in the meadow

**G G7 F C**

And the world keeps turning, the world keeps turning

**C F C**

Put a hat on your head

**D7 G G7**

Will you paint the whole damned town red with me?

**C F C**

Well, the band has stopped playing but we keep dancing

**G G7 F C**

The world keeps turning, the world keeps turning

**C F C**

On his hand he wore the ring of another

**G G7 F C**

The world keeps turning, the world keeps turning

**G G7 F C**

The world keeps turning, the world keeps turning

**G G7 F C**

The world keeps turning, the world keeps turning
