VERSE 1:

     F

If I saw the nails pierce Your hands

Dm

Maybe I’d understand

      Gm

Or the thorns that cut through Your brow

A#   **C**

I could begin to know how

    F

If I heard You cry out in pain

Dm

Then I could better explain

    Gm

If I saw the tears that You cried

A#   **C**

Then maybe I would know why

CHORUS:

Dm   **A#**

I can’t make sense of the life that You gave

```
Gm                                C
I can’t make sense of the sin You forgave

    Dm                              A#
So I’ll just believe when I look up above

    Gm                    C                F
The reason You did it was all…all for love

VERSE 2:

        F
If I saw You comfort the thief

Dm
I could confirm my belief

        Gm
If I heard You yell to the sky

    A#              C
“My God! My God! Why?”

            F
“It is finished” I heard You sigh

Dm
Then I’d no longer deny

      Gm
If I felt the quake of the earth

      A#                      C
I’d better know love’s worth
```
