LYRICS AND SONG ORDER

VERSE 1

tonight i wander, carelessly
through the tunnels, of the abc

see i m not lost, its just that
i need to be, clear of mind to dream

and a laser shoots another image through my eye
of a light square piercing jet black sky

and she floats down, all pretty and brown, and we share a drink tonight
and we share a pint tonight

PRE-CHORUS

gimmie a call, you got a phone dont you
turn it on, cause i need to hear from you

dyou know why, cause i saw something today,that made it all come
it all came back to me

x2

CHORUS

but you aint stoppin me noooo, cause i ve reached that point in my life
when no-ones stopping me tonight, cause i ve reached that point in my life

VERSE2

theres beats and theres pulses and theres rhythm and soul,
and i stand quite calmly, as i lose control

yeah she was here, now she aint no more
she loves this buried floor
she loves this buried floor....
