

My Heart

Toni Braxton

[Verse 1]

I tell myself I love you, because I really care
I tell myself I need you, but is that really fair?
I really truly love you, and Iâ€™ll always be there
Just donâ€™t know how to tell you, I donâ€™t wanna be here

[Chorus]

I can be that friend that I was to you
Like we were right from the start
I can be right there when you want me to
If weâ€™re a million miles apart
Iâ€™d give you every part of me that I could
But the one thing I canâ€™t give youâ€™s my heart
Is my heart

[Instrumental]

| F#m | C#m | F#m | D

[Verse 2]

I wish that I could like you, my feelings are sincere
But every time I try to, it kinda disappears
I know how much you love me, mmm, and want me to love you
But every time I try to, ooh, the feelings end there

[Chorus]

I can be a friend like we used to be
Like we were right from the start
I can be right there when you call me up

Even a million miles apart

A **E** **C#m** **F#m**
See, I gave you every part of me that I could

D **E** | **C#m** | **D**
