Dm **Bb**
I gave you the benefit of the doubt
F
Til you showed me what you were about
C
Your true colors came out

Dm **Bb**
And your words couldn't hide the sin
F
Cause the truth about where you been
C
Is in a fragrance I can't recognize

Dm
Just standing there, scratching your head
Bb
Bloodshot eyes, drunk with regret
F **C**
Hanging yourself ten feet over the edge

Dm **Bb**
I'm done with this, feeling like an idiot
F
Loving you, I'm over it
C
I just don't love you, don't love you no more

Dm **Bb**
You, you are so yesterday
F
Never thought you'd lose my love this way
C
Now you come begging me to stay

Dm **Bb**
See you, you are so yesterday
F
I won't let you rain on my parade
C
I don't wanna hear a thing you say
Dm
You're so yesterday

Bb
Funny now how I'm gone

F?

The little light in your head came on

C

?Now you realize it s all your fault, ooo, ooo

Dm

Bb

Don t you wish you had a time machine?

F?

That way you could change history
