Flower Man - Tonic

Eb F F#

Flower man, flower man

Eb F F#

When are you gonna grow

Eb F F#

When you gonna lay down

Eb F F#

Everything you know

Flower man, flower man

How you gonna sleep

With all these people

Cutting down your feet

G# Bb B

Flower man

G# Bb B

Flower man

Flower man, flower man

Your head s above the rest

If you re gonna trust them

You gotta past the test

Flower man, flower man

You re living in the sun

Shattered and hollow

You shine for everyone

Bb B

They re given enough to hurt you

Bb B

With all the things they say

Bb B

So you put on your armor

Bb B

And stand in the way

You re wearing the target

That took so long to earn

And your start looking sideways

At every turn

You start looking sideways
At every turn
