

**Dont Wish
Tonight Alive**

CAPO 3

Cm

Though nothingâ€™s changed on my end

G#

Yet you think Iâ€™ll just give in

Eb

I know the game, Iâ€™ve been there

Bb

Come back and claim that I didn't care

Cm

You say itâ€™s always been you

G#

We both know thatâ€™s far from the truth

Eb

I know itâ€™s cold and lonely

Bb

But Iâ€™m not your one and only

Cm

I wonâ€™t be the one you

G#

call when everyone is

Eb

gone And when you treat her

Bb

wrong donâ€™t wish that she was me

Cm

Now that I moved

G#

along itâ€™s clear we donâ€™t

Eb

belong This is your last

Bb

song, donâ€™t wish that she was me

Cm

I always wished you well

G#

I always tried to let you down slowly

Eb

I cared enough but you just kept going

Bb

Cm

I, I always gave you time

G#

Eb

I did everything right but it just wasn't enough

Bb

No, you just kept on pushing

Cm

I won't be the one you

G#

call when everyone is

Eb

gone And when you treat her

Bb

wrong don't wish that she was me

Cm

Now that I moved

G#

along it's clear we don't

Eb

belong This is your last

Bb

song, don't wish that

Cm

Would fall apart or

G#

break your heart Make it

Eb

easier to

Bb

tear her world apart

Cm

Cause I've started

G#

to come accustomed to

Eb

Reminding you that we're way past through

Bb

I don't wanna do this honestly, do you?

Cm

I didn't know what

G#

love was then So how can you

Eb

say that nothing has changed? And you still

Bb

regret letting go of me that day

Cm

You didn't know what

G#

love What love was

Eb

then so this is your last

Bb

song

Cm

I wonâ€™t be the one you

G#

call when everyone is

Eb

gone And when you treat her

Bb

wrong just donâ€™t go wishin she was me

Cm

Now that I moved

G#

along itâ€™s clear we donâ€™t

Eb

belong This is your last

Bb

song, donâ€™t wish that she was me

Cm

G#

Donâ€™t wish that she was me

Eb

Bb

Donâ€™t wish that she was me

Cm

(I wonâ€™t be the one you call)

G#

Donâ€™t wish that she was me

Eb

(And when you treat her wrong)

Bb

Donâ€™t wish that she was me

Cm
