

Dont Wish
Tonight Alive

C#m

Though nothingâ€™s changed on my end

A

Yet you think Iâ€™ll just give in

E

I know the game, Iâ€™ve been there

B

Come back and claim that I didn't care

C#m

You say itâ€™s always been you

A

We both know thatâ€™s far from the truth

E

I know itâ€™s cold and lonely

B

But Iâ€™m not your one and only

C#m

I wonâ€™t be the one you

A

call when everyone is

E

gone And when you treat her

B

wrong donâ€™t wish that she was me

C#m

Now that I moved

A

along itâ€™s clear we donâ€™t

E

belong This is your last

B

song, donâ€™t wish that she was me

C#m

I always wished you well

A

I always tried to let you down slowly

E

I cared enough but you just kept going

B

C#m

I, I always gave you time

A

E

I did everything right but it just wasn't enough

B

No, you just kept on pushing

C#m

I won't be the one you

A

call when everyone is

E

gone And when you treat her

B

wrong don't wish that she was me

C#m

Now that I moved

A

along it's clear we don't

E

belong This is your last

B

song, don't wish that

C#m

Would fall apart or

A

break your heart Make it

E

easier to

B

tear her world apart

C#m

Cause I've started

A

to come accustomed to

E

Reminding you that we're way past through

B

I don't wanna do this honestly, do you?

C#m

I didn't know what

A

love was then So how can you

E

say that nothing has changed? And you still

B

regret letting go of me that day

C#m

You didn't know what

A

love What love was

E

then so this is your last

B

song

C#m

I wonâ€™t be the one you

A

call when everyone is

E
