it once again

And my heart you know Ill  
wear it on my sleeve

For everyone to see that I  
am yours and you

That nothing in this  
world could ever

**C**

So deep beneath my sheets

and im struggling to find

**D**

sleep Cause ive been retracing  
the steps that we took

And remembering the way that

you held me as I shook  
In the rain and I knew that

**C**

I would never be the same
