Tony Joe White - Red Neck Women

(Intro: **G**)

G **C** **G**
She had disco sucks on the front of her T-shirt

D
A long-neck bud in her hand

By the way she was moving I knew she wasn't fooling
G

She was in need of a man

So I walked on over to her

G7 **C**
And asked her if she cared to dance

D
And then she juggled up a beer and whispered sweetly in my ear

G
Come on if you're ready to take a chance

C **Eb** **F** **G**
Ah them red-neck women they'll cut you down to size

C **Eb** **F** **G**
Yeah them red-neck women they got that four wheel drive

We held each other close and danced to the slow ones

Partied on into the night

The smoke was getting thicker and my pulse was beating quicker

So I asked her if she cared to take a ride

And I kept looking in her eyes

Hoping she would give me a sign

But she said honey I don't mean to push

But let's quit beating around the bush

Is it gonna be your place or mine?

Ah them red-neck women they love to get it on

Yeah them red-neck women they party all night long

Yes them red-neck women they'll cut you down to size

Yeah them red-neck women they got that four wheel drive
