

Pretty Things

Tony Lucca

I really like this song so I thought I d submit the tab for it. This is a VERY VERY simple outline of the song. Tony Lucca does a lot of embellishments with the chords but if you just want to learn the song to sing and play along, this is a good version. When I play it, I stick mostly to this and just add little fillers along the way. But this will get you started ;) If you have any questions or comments, feel free to post em or send me a message. Cheers!

Lyrics

Verse 1:

Black night sky before you said goodbye

Your rose colored sache and your cigarette ash

You left with your girlfriends before I made amends
14 days of pouring rain
Drips through the cracks around your window pain
Filled up the holes wearing layers of your clothes
On the tags you wrote my name

Pre-Chorus:

Why cant you make up your mind, this time?

Chorus:

I ve been reading all the letters that you wrote me
All the fairy tales you sold me,
And all the pretty things you said
Can t stop thinking about the way that you control me
Now you wish you d never known me
Oh how I wish you d come and hold me, hold me, hold me

(Intro chords)

Verse 2:

I was staying at your house. You ve been sleeping at his
You re acting like momma to both his kids
Got a two car garage, backyard that don t end and you re my only friend
When the sun goes down this old house gets dark,
It s hard to paint a portrait of my broke heart,
I pick this up and the room fell right back apart
And now I don t know where to start

Pre-chorus:

Now that you ve made up your mind this time...

Chorus:

I ve been reading all the letters that you wrote me
All the fairy tales you sold me,
And all the pretty things you said
Can t stop thinking about the way that you control me
Now you wish you d never known me
Oh how I wish you d come and hold me, hold me, hold me

Bridge:

There is no beginning.
Do you think that you re winning?
You ve made up your mind
Why don t you make up the mind?

Last chorus:

I ve been reading all the letters that you wrote me
All the fairy tales you sold me
And all about the pretty things you said
Can t stop thinking bout the way that you control me
And you wish you d never known me

I ve been sleeping in the place that you left me

Do you regret me?

Did you forget me?

Can't stop thinking about the way that you control me

How you wish you'd never known me

How I wish you'd come and hold me, hold me, hold me
