

**Great**  
**Tony Rogers**

Capo on second fret!

[Verse 1]

**C** **Em**  
To a point I was good, tried to do stuff that I should

**C**  
Tried to do what you said, tried to sleep in my own bed

**Em**  
But my bones wouldn't rest, till I put me to my test

**G**  
And I remembered what you said

[Chorus]

**C**  
That I could be great

**Em**  
So, so great

**G** **C**  
I could be great

**Em**  
So, so great

[Verse 2]

**C** **Em**  
Being good isn't tough, but it's also not enough

**C**  
What's the use enduring birth, if I can't find what it's worth

**Em**  
I need dreams, I need plans, I need you to understand

**G**  
And I remember what you said

[Chorus]

**C**  
That I could be great

**Em**
