

**Flying South**  
**Tony Sly**

**G**          **D**          **Em**          **Bm**  
If I could sleep tonight then we wouldn't have to fight  
          **Em**          **Bm**          **Am**          **D**  
About nothing going right so tell me what to do  
          **G**          **D**          **Em**          **Bm**  
Should I write you a song about two minutes long?  
          **Em**          **Bm**          **Am**          **D**  
Not enough time to explain may be enough for you  
          **Em**          **C**          **G**          **D**  
You see that I am flying south for the winter once again  
          **Em**          **C**          **D**  
I feel like I am bailing out on my only friend  
          **G**          **D**          **Em**          **Bm**  
Aside from all the things we do to make each other blue  
          **Em**          **Bm**  
Can you forgive me again?  
          **Am**          **D**  
I am the one to blame  
          **G**          **D**  
You've been there all the time  
          **Em**          **Bm**  
I'm a missing person sign  
          **Em**          **Bm**          **Am**          **D**  
But I hope that we can find all that we have misplaced  
          **Em**          **C**          **G**          **D**  
You see that I am flying south for the winter once again  
          **Em**          **C**          **D**  
I feel like I am bailing out on my only friend  
          **Em**          **C**          **G**  
I am like the wind in your sinking sailboat  
          **Am**          **C**          **Cm**          **G**  
Stuck at the dock without you  
          **G**          **D**          **Em**          **Bm**  
If I could sleep tonight then we wouldn't have to fight  
          **Em**          **Bm**          **Am**          **D**  
About nothing going right so tell me what to do  
          **G**  
Please tell me what to do
