

Playboy Mommy

Tori Amos

Bbm **F#**
In my platforms, I hit the floor

C# **G#**
Fell face down, didn't help my brain out

Bbm **F#**
Then the baby came before I found

C# **G#** **Bbm**
The magic how to keep her happy

F# **C#** **G#** **Bbm**
I never was the fantasy of what you wanted me to be

F# **C#**
But don't judge me so harsh little girl

G#
So you got a playboy mommy

Bbm **F#**
But when you tell them my name

C# **G#** **Bbm**
You wanna cross that bridge all on your own

F# **C#**
Little girl they'll do you no harm

G#
Because they know your playboy mommy

Bbm **F#**
But when you tell them my name

C# **G#**
From here to Birmingham, I got a few friends

Bbm **F#**
I never was there, was there when it counts

C# **G#**
I get my way, you're so like me

Bbm **F#**
You seemed ashamed, ashamed that I was

C# **G#**
A good friend of American soldiers

Bbm **F#**
I ll say it loud here by your grave

C# **G#** **Bbm**
Those angels can t ever take my place

F# **C#**
But don t judge me so harsh little girl

G#
So you got a playboy mommy

Bbm **F#**
But when you tell them my name

C# **G#** **Bbm**
You wanna cross that bridge all on your own

F# **C#**
Little girl they ll do you no harm

G#
Because they know your playboy mommy

Bbm **F#**
But when you tell them my name

C# **G#**
You tell them my name, I got a few friends

Somewhere, where the orchids grow
