Tori Amos

**G#m**                    **E**  
In my platforms, I hit the floor

**B**                    **F#**  
Fell face down, didn't help my brain out

**G#m**                    **E**  
Then the baby came before I found

**B**                    **F#**                    **G#m**  
The magic how to keep her happy

**E**                    **B**                    **F#**                    **G#m**

**E**                    **B**  
But don't judge me so harsh little girl
