

**Playboy Mommy**  
**Tori Amos**

**Bm**                      **G**  
In my platforms, I hit the floor

**D**                      **A**  
Fell face down, didn't help my brain out

**Bm**                      **G**  
Then the baby came before I found

**D**                      **A**                      **Bm**  
The magic how to keep her happy

**G**                      **D**                      **A**                      **Bm**  
I never was the fantasy of what you wanted me to be

**G**                      **D**  
But don't judge me so harsh little girl

**A**  
So you got a playboy mommy

**Bm**                      **G**  
But when you tell them my name

**D**                      **A**                      **Bm**  
You wanna cross that bridge all on your own

**G**                      **D**  
Little girl they'll do you no harm

**A**  
Because they know your playboy mommy

**Bm**                      **G**  
But when you tell them my name

**D**                      **A**  
From here to Birmingham, I got a few friends

**Bm**                      **G**  
I never was there, was there when it counts

**D**                      **A**  
I get my way, you're so like me

**Bm**                      **G**  
You seemed ashamed, ashamed that I was

**D** **A**  
A good friend of American soldiers

**Bm** **G**  
I ll say it loud here by your grave

**D** **A** **Bm**  
Those angels can t ever take my place

**G** **D**  
But don t judge me so harsh little girl

**A**  
So you got a playboy mommy

**Bm** **G**  
But when you tell them my name

**D** **A** **Bm**  
You wanna cross that bridge all on your own

**G** **D**  
Little girl they ll do you no harm

**A**  
Because they know your playboy mommy

**Bm** **G**  
But when you tell them my name

**D** **A**  
You tell them my name, I got a few friends
