Didn't think I would

```
Uncomfortable
TOTTY (Australia)
[Chorus] (x2)
I tried to listen
All you do is shout
Try to hear it my way
Let's hear each other out
[Verse 1]
F#
                   В
Don't know what to say now
                  D#m
Don't know what to do
                   В
Never feel like I'm good enough
               F#
Good enough for you
                                                D#m
(Accepting?) responses made me feel like I'm all wrong
Untie the rope, stop stringing me along
[Chorus] (x2)
I tried to listen
            D#m
All you do is shout
              в
Try to hear it my way
Let's hear each other out
[Verse 2]
Tell me that I'm crazy
Tell everyone it's me
Got another side to you
That no one else can see
Didn't think I'd live without you
              D#m
```
