

## Paradise

Tove Lo

**C**

Touch you once, my fingers go numb?  
Hold my breath one second too long?

**F**

Fainting others when I wake up  
?You ll be gone, you re all that I got

**C**

Being with you, my natural high  
?Still got every single butterfly

?**F** (C)

Just what they all wish that they had

**F** (C)

So intense, it s driving me mad

?**F** **Am**

So into you now

**F**

Said I want you for a million days

?**Am** **C**

You say you want the same with me

?**F**

With love for real without the lies

?**Am** **C**

Is that what they call paradise?

?**F** **Am**

All of you wanna be in it?

**C**

Paradise

?**F** **Am**

All of you wanna be in it

?**C**

Paradise

**C**

Dark days when I m feeling the doubt  
?Bring me back, you re light of my life?

**F**

You sweep all my worries away  
Brush me off, now I ll be okay

**C**

Right this way forever and on  
?When I drown, I feel like I ve won

?**F** (C)

Cause I made it all the way through

**F** (C)?

Tear in love, a lifetime with you

**F** **Am**

?So into you now

**F**

Said I want you for a million days?

**Am** **C**

You say you want the same with me?

**F**

With love for real without the lies

?**Am** **C**

Is that what they call paradise?

?**F** **Am**

All of you wanna be in it

?**C**

?**F** **Am**

All of you wanna be in it?

**C**

**F**

Said I want you for a million days?

You say you want the same with me?

**F**
