

Paradise

Tove Lo

C

Touch you once, my fingers go numb?
Hold my breath one second too long?

F

Fainting others when I wake up
?You ll be gone, you re all that I got

C

Being with you, my natural high
?Still got every single butterfly

?**F** (C)

Just what they all wish that they had

F (C)

So intense, it s driving me mad

?**F** Am

So into you now

F

Said I want you for a million days

?**Am** C

You say you want the same with me

?**F**

With love for real without the lies

?**Am** C

Is that what they call paradise?

?**F** Am

All of you wanna be in it?

C

C

Dark days when I m feeling the doubt

?Bring me back, you re light of my life?

You sweep all my worries away

Brush me off, now I ll be okay

C

Right this way forever and on

?When I drown, I feel like I ve won
