Your eyes seek conclusion in all this confusion of mine C#

But you and I both know it s only the warm glow of wine \mathbf{F} #

That s got you to feelin this way

The children are dancin the gamblers are chancin their all The window s accusin the door of abusin the wall But who cares what the night watchmen say The stage has been set for the play

So hold me and tell me you ll Be Here To Love Me today.

The moon s come and gone but a few stars hang on to the sky Where the wind s runnin free but it ain t up to me to ask why But the poets are demandin their pay They we left me with nothin to say Cept hold me and tell me you ll Be Here To Love Me today.
