C# **F#** **C#**

Greensboro woman don t you smile on me

F# **G#**

I do not feel like being comforted

C#

Anyway I ll be home soon

F#

C#

For once there s someone waitin there

And if you don t mind

F#

C#

I ll just think on her instead

Your face she s a picture babe

but pictures ain t what I crave

I don t feel this way most generally

I just put a thousand miles tween me

And where my thoughts do lie

I d thank you kindly baby

If you d kindly let me be

Your car she s smooth and fast

Babe your bourbon s fine

But I ain t feelin free and clear today

Texas lovin layin on my mind

I couldn t do you right babe

Spinnin round this way

So Greensboro woman don t you smile on me

I do not feel like being comforted

Anyway I ll be home soon

For once there s someone waitin there

And if you don t mind

I ll just think on her instead
