

Still Looking For You  
Townes Van Zandt

G# C# G#  
Ain t much I ain t tried  
C# G#  
fast livin slow suicide  
Eb  
then a-runnin in a place to hide  
C# G#  
just looking for you

G# C# G#  
My friends they all agree  
C# G#  
ain t many a fool like me  
Eb  
I just tell them wait and see  
C# G#  
go looking for you

C#  
Looking low and looking high  
looking far and looking wide  
try to tell myself that I m fine  
G#  
but it just ain t true  
Eb  
it just ain t true  
C#  
I m still looking for you  
G#  
still looking for you

From the shadow of the darkest pine  
to the edge of the sweet sunshine  
I keep looking till they make you mine  
looking for you

When the curtain tumbles down  
I ll be somewhere hanging round  
with my heart laid on the ground  
just looking for you

Looking low and looking high  
looking far and looking wide  
try to tell myself that I tried  
but it just ain t true  
it just won t do  
I m still looking for you

still looking for you
