

Still Looking For You
Townes Van Zandt

G# **C#** **G#**
Ain t much I ain t tried
 C# **G#**
fast livin slow suicide
Eb
then a-runnin in a place to hide
C# **G#**
just looking for you

G# **C#** **G#**
My friends they all agree
 C# **G#**
ain t many a fool like me
Eb
I just tell them wait and see
C# **G#**
go looking for you

C#
Looking low and looking high
looking far and looking wide
try to tell myself that I m fine
 G#
but it just ain t true
Eb
it just ain t true
C#
I m still looking for you
 G#
still looking for you

From the shadow of the darkest pine
to the edge of the sweet sunshine
I keep looking till they make you mine
looking for you

When the curtain tumbles down
I ll be somewhere hanging round
with my heart laid on the ground
just looking for you

Looking low and looking high
looking far and looking wide
try to tell myself that I tried
but it just ain t true
it just won t do
I m still looking for you

still looking for you
