

Still Looking For You

Townes Van Zandt

F# **B** **F#**

Ain t much I ain t tried

B **F#**

fast livin slow suicide

C#

then a-runnin in a place to hide

B **F#**

just looking for you

F# **B** **F#**

My friends they all agree

B **F#**

ain t many a fool like me

C#

I just tell them wait and see

B **F#**

go looking for you

B

Looking low and looking high

looking far and looking wide

try to tell myself that I m fine

F#

but it just ain t true

C#

it just ain t true

B

I m still looking for you

F#

still looking for you

From the shadow of the darkest pine

to the edge of the sweet sunshine

I keep looking till they make you mine

looking for you

When the curtain tumbles down

I ll be somewhere hanging round

with my heart laid on the ground

just looking for you

Looking low and looking high

looking far and looking wide

try to tell myself that I tried

but it just ain t true

it just won t do

I m still looking for you

still looking for you
