

Turnstiled Junkpiled
Townes Van Zandt

I been turnstiled, junkpiled and railroaded too
I ve been laid low but don t you know I m still in love with you
I been took down many a road If anybody says ain t, they lie
But I ain t got no plans cept to be your man And love you till I die

You got me under your spell Won t you tell me, all about your wonderful charms,
I got time to burn and a lot To learn, Mama take me in your loving arms
Well I know that prob ly You feel quite oddly, bout the words You hear me say,
but if you hold me Tight, it s gonna be alright Mama chase my Blues away

I been turnstiled, junkpiled and railroaded too
I ve been laid low but don t you know I m still in love with you
I been took down many a road If anybody says I ain t, the lie
But I ain t got no plans cept to be your man Mama love you till I die

I been turnstiled, junkpiled and railroaded too
I ve been laid low but don t you know I m still in love with you
I been took down many a road If anybody says I ain t, they lie
But I ain t got no plans cept to be your man I want to love you till I die
