I Will be With You
by T Pau

A F#m A F#m

E
I have this fantasy
D
You come back and you forgive me
A   **E**
Oh I m so sorry now

I hear this melody
Our tryst in rhapsody
And I am listening
I never thought I d see the day when you and me
We d be so far apart
And I miss you so much now

F#m   **D**   **E**
But I know there s no way back to yesterday

A
I will be with you, You re here in my heart.
Hm
But if you never come back again
E
We ll never be far apart
A
I miss you so much now, Where-ever you are
Hm
But if you never come back again
E
We ll never be far apart

D   **A**   **E**

Here in my deepest dream
Running through another scene
I will you here again
And no, it doesn t bother me
The time I spend in imagery
Well, it s how I live
You see, I don t believe that we tried
Everything, before our love died.
And I just can t forget
Is the one chance all that we get

I will be with you, You re here in my heart.
But if you never come back again
We ll never be far apart
I miss you so much now
Where-ever you are
But if you never come back again
We ll never be far apart

F#m   H   F#m   H
A   E   F#m

And I have such memories
that I don t like to resurface them
Oh you know they hurt me so much now
And I know there s no way you ll be coming homing

I will be with you, You re here in my heart.
But if you never come back again
We ll never be far apart
I miss you so much now
Where-ever you are
But if you never come back again
We ll never be far apart

I will be with you, You re here in my heart.
But if you never come back again
We ll never be far apart
I miss you so much now
Where-ever you are
But if you never come back again
We ll never be far apart
