

When I Stop Loving You
Trace Adkins

Now, this is my first attempt EVER to figure out the chords of a song and I m
15 years
old so sorry if it s not accurate what so ever, haha.

INTRO:

D A G A D

D **A**
I was sitting in a truck stop, overheard a conversation

G **A** **D**
He was spilling out his heart and soul to her

D **A**
He had that diamond in his hand, he was a lovesick, desperate man

G **A** **D**
Trying with all his might when he found the words

And he said

D **A**
There ll be no peaches down in Georgia, no oil in Oklahoma

G **A**
No sun in Arizona, no stars in California

D **A**
No cowboys out in Texas, no wheat fields in Kansas

G **A** **D**
No Colorado skies of blue

When I stop loving you

Then it just goes on like that :)
