

**When I Stop Loving You**  
**Trace Adkins**

Now, this is my first attempt EVER to figure out the chords of a song and I m  
15 years  
old so sorry if it s not accurate what so ever, haha.

INTRO:

**D A G A D**

**D** I was sitting in a truck stop, overheard a conversation **A**

**G** He was spilling out his heart and soul to her **A** **D**

**D** He had that diamond in his hand, he was a lovesick, desperate man **A**

**G** Trying with all his might when he found the words **A** **D**

And he said

**D** There ll be no peaches down in Georgia, no oil in Oklahoma **A**

**G** No sun in Arizona, no stars in California **A**

**D** No cowboys out in Texas, no wheat fields in Kansas **A**

**G** No Colorado skies of blue **A** **D**

When I stop loving you

Then it just goes on like that :)
