

What Would You Say  
Trailer Choir

[Intro]

| Am F | C G | x 3

[Verse]

Am F C G  
What if the moment came and you knew your life was down to minutes  
Am F C G  
Lighter s flame was all you had to see  
Am F C G  
And you found a pen and torn up piece of paper  
F F/C F  
And a note was all you could leave

Am F C G  
Thirteen men felt trapped in a mine in West Virginia,  
Am F C G  
Only one made it out alive  
Am F C  
But their love lives on in the words  
G F F/C F  
I can not wait to see you on the other side  
Am F C G  
What would you say  
Am F C G  
What would you say

[Chorus]

Am F C G  
In the lines on a page from the life that you made  
Am F C G  
Could you write it with no re- grets  
Am F C G  
Would you know in your- self you gave somebody else  
Am F C G F  
All the love that you had inside right down to your last breath

[Verse]

Am F C G  
Would you tell your momma thank you for the way you love me  
Am F C G  
Daddy don t cry everything s gonna be o- kay  
Am F C G  
Would you tell your little boy that you ll be watching him from up in heaven,  
F F/C F  
you ll never miss one game  
Am F C G
