

**Mermaid
Train**

Intro 2x: G A Bm D

(G A Bm D Em A)

(Bm)

G A Bm D
Can t swim so I took a boat, to an island so remote
G A Bm D
Only Johnny Depp has ever been to it before
G A Bm D
I stayed there till the air was clear I was bored and out of tears
Em A
Then I saw you washed up on the shore

G A Bm D
I offered you my coat, thank god this luck can flow
G A Bm D
Crazy how that shipwreck met my ship was coming in
G A Bm D
We talked till the sun went down, love on the fugit sound
Em F#m
My treasure map was on your skin

Bm D A G
Beauty in the water, angel on the beach
Bm D A F#m
Ocean s daughter, I thought love was out of reach
Bm D A Em
Till I got her, had I known it could come through
A G A Bm
I would have wished in 92, for a mermaid just like you
D G A Bm D
Whoa, just like you, whoa

G A Bm D
Shocks, screams with envy they wonder what you see in me
G A Bm D
Funny thoughts sometimes can t help but wonder about as well
G A Bm D
Now life is a holiday, making up for the years I paid
G A Bm D
The way to this heavenly bay?it went through hell

Bm D A G
Beauty in the water, angel on the beach
Bm D A F#m

Ocean s daughter, I thought love was out of reach

Bm D A Em

Till I got her, had I known it could come through

A G A Bm

I would have wished in '92, for a mermaid just like you

D G A Bm D

Whoa, just like you, whoa

G A Bm D

Rescued you bout the ? tree, all the girl fish in the sea

G A Bm

D

Puttin a candle to you, they don t have a handle on you, they don t have a scandal on you

G A

Holler back will save you

G A Bm D

...saving me was B-I-G, all the boyfish in the sea

G A

They all wish that they could be me

G A Bm D

Can t swim so I took a boat, to an island so remote

G A Bm D

Only Johnny Depp has ever been to it before

Bm D A G

Beauty in the water, angel on the beach

Bm D A F#m

Ocean s daughter, I thought love was out of reach

Bm D A Em

Till I got her, had I known it could come through

A G A Bm

I would have wished in '92, for a mermaid just like you

D G A Bm D

Whoa, just like you, whoa (3X)
