

School Bus Driver  
Trampled by Turtles

**G** **C** **G D/F#**  
Well I wanna be a school bus driver  
**Em D G**  
And drive all over the world

And if you would like  
**C G D/F#**  
Well you could ride with me  
**Em D G**  
And we could live on the road

**C G**  
We d cruise by the banks  
**C G**  
Of rivers deep and wide  
**C B7**  
Never have to think  
**Em D**  
About space or time

**G C G D**  
Well I wanna be a moonshine stiller  
**Em D G**  
I d make the best stuff around

And if you would like  
**C G D**  
Well you could drink with me  
**Em D G**  
Until we fall to the ground

**C G**  
We could have our home  
**C G**  
Out up in the hills  
**C B7**  
Never have to pay  
**Em D**  
No dues or bills

**G C G D**  
Well I wanna be a stardust chaser  
**Em D G**  
And land on the face of the moon

If you would like

Well you could run with me  
But I ll be runnin soon

We could go forever

At least until we re done  
Run circles round the moon  
And circles round the sun

Well I wanna be a school bus driver  
And drive all over the world

If you would like

Well you could ride with me  
And we could live on the road

Well, we could live on the road  
Yeah, we could live on the road
