Transviolet

[Verse 1]

Em **C** **G**
I always find the most creative ways to destroy myself
Em **C** **G**
Yeah, I can tear me down better than anybody else
Em **C**
I don't need your help, I don't need your help
Em **C** **G**
You've been pouring gasoline in your living room
C **G**
Light a cigarette while you complain about the fumes
Em
Who are you to talk?
C
Who are you to talk?
G
Who are you to talk?

[Pre-Chorus]

Em **C** **G**
You're so shook when I catch on fire
Em **C** **G**
So surprised when I have an answer
Em **C**
Guess no one told you, now I told you
G
We're not living in the forties
Em **C** **G**
Ain't it weird when I'm thinking stuff?

[Chorus]

Em **G** **D**
Oh, come on, just say something
Em **G** **D**
No, go ahead, tell me, what do I need?
Em **G** **D**
I'm not the kind of girl you undo
Em **G** **D**
I'm not the kind of girl you undo
Em **G** **D**
Oh, come on, oh, come on
Em **G** **C**
I've been undone long before you

[Verse 2]

Em **C** **G**
You can't tie your favourite noose around my neck
Em **C** **G**
Cut me down when I turn blue and act like I'm the wreck
Em
I don't need your help
C
I don't need your help
G
I don't need your help

[Pre-Chorus]

Em **C** **G**
You're so shook when I look right past you
Em **C** **G**
So surprised you don't get an answer
Em **C**
Guess no one told you, now I told you
G
We're not living in the forties
Em **C** **G**
Ain't it weird to feel small 'n stuff?

[Chorus]

Em **G** **D**
Oh, come on, just say something
Em **G** **D**
No, go ahead, tell me, what do I need?
Em **G** **D**
I'm not the kind of girl you undo
Em **G** **D**
I'm not the kind of girl you undo
Em **G** **D**
Oh, come on, oh, come on
Em **G** **C**
I've been undone long before you

[Bridge]

Em **G**
You've been holding all I have over open flames
Em **G**
Stepping into Hades while you're calling out my name
C
I won't follow you

[Chorus]

Em **G** **D**
Oh, come on, make this easy

Em G D
Oh, come on, just say something

Em G D
Oh, come on, just say something

Em G D
No, go ahead, tell me, what do I need?

Em G C
I m not the kind of girl you undo

Em G C
I m not the kind of girl you undo

Em G D
Oh, come on, oh, come on

Em G C
I ve been undone long before you

Em G C
I ve been undone long before you
