

Echo

Trapt

A B D

Close my eyes

A B F#m

Let the whole thing pass me by

A B D

There is no time

A B F#m D

To waste asking why

A B D

I ll run away with you by my side

A B A B D - A B F#m

I ll run away with you by my side

A B D A B F#m

I need to let go, let go, let go, let go of this pride, yeah

F#m - C#m - F#m - Bm

F#m C#m F#m

I think about your face

Bm F#m

And how I fall into your eyes

C#m F#m

The outline that I trace

Bm F#m

Around the one that I call mine

C#m F#m

Time that called for space

Bm F#m

Unclear where you drew the line

C#m F#m

I don t need to solve this case

Bm

And I don t need to look behind

A B D

Close my eyes

A B F#m

Let the whole thing pass me by

A B D

There is no time

A B F#m D

To waste asking why

A B D

I ll run away with you by my side

A B A B D - A B F#m

I ll run away with you by my side

A B D A B F#m

I need to let go, let go, let go, let go of this pride, yeah

F#m - C#m - F#m - Bm

F#m C#m F#m

Do I expect to change

Bm F#m

The past I hold inside

C#m F#m

With all the words I say

Bm F#m

Repeating over in my mind

C#m F#m

Some things you can't erase

Bm F#m

No matter how hard you try

C#m F#m

An exit to escape

Bm

Is all there is left to find

A B D

Close my eyes

A B F#m

Let the whole thing pass me by

A B D

There is no time

A B F#m D

To waste asking why

A B D

I'll run away with you by my side

A B A B D - A B F#m

I'll run away with you by my side

A B D A B F#m

I need to let go, let go, let go, let go of this pride

A B D A B F#m

Until this echo, echo, echo, echo, in my mind

A B D A B F#m

Until this echo, echo, echo, echo, can subside

F#m - C#m - F#m - Bm

F#m - C#m - F#m...

So I...

A B D

close my eyes

A B F#m

Let the whole thing pass me by

A B D

There is no time

A B F#m D

To waste asking why

A B D

I ll run away with you by my side

A B A B D - A B F#m

I ll run away with you by my side

A B D A B F#m

I need to let go, let go, let go, let go of this pride

A B D A B F#m

Until this echo, echo, echo, echo, in my mind

A B D A B F#m

Until this echo, echo, echo, echo, can subside
