Headstrong
Trapt

[Verse 1]
Em
Circling your, circling your, circling your head,
                        C
Contemplating everything you ever said
               G
Now I see the truth, I got doubt
                           D
A different motive in your eyes and now Iâ€™m out
See you later

[Pre-Chorus]
Em   **C**   **G**
I see your fantasy, you want to make it a reality paved in gold
                              D
See inside, inside of our heads (yeah)
Well now thatâ€™s over
Em   **G**   **Em**   **G**
I see your motives inside, decisions to hide

[Chorus]
Em
Back off Iâ€™ll take you on
C
Headstrong to take on anyone
G
I know that you are wrong
D
Headstrong weâ€™re headstrong
Em
Back off Iâ€™ll take you on
C
Headstrong to take on anyone
G   **D**   **Em**
I know that you are wrong and this is not where you belong
C   **D**   **Em**

I wonâ€™t give everything away

[Verse 2]
Em   **C**
Conclusions manifest, your first impressions got to be your very best
                        G
I see youâ€™re full of shit, and thatâ€™s alright
                               D
Thatâ€™s how you play, I guess youâ€™ll get through every night

Well now that's over
Em   **C**   **G**
I see your fantasy, you want to make it a reality paved in gold
                                              D
See inside, inside of our heads (yeah)
Well now that's over
Em   **G**   **Em**   **G**
I see your motives inside, decisions to hide

[Chorus]
Em
Back off I'll take you on

Headstrong to take on anyone
