

Crown Shyness
Trash Boat

[Verse 1]

Am7

Summer grows around me

G Am7

In my solar dreams

No matter how far I reach

G Am7

I can't feel a thing

Drowning, so to speak

G

Tell me

[Pre-Chorus]

Am7

Em7

Do you even know what depression looks like?

Am7

Is it tangible?

Em7

See through every disguise

Am7

So much to show

Em7

But is my progression finite

Am7

Does it matter at all? (matter at all)

[Chorus]

C

Lately I'm feeling like the only tree

Breaking through the canopy

Hoping for sunlight

Am7

Leaving my roots behind

C

Talk like you always know what's best for me

The voices they are deafening

Staring past my eyes

Am7

Telling me how I lie to myself

G

F

I have everything that I need

G

F

But I can't see what's in front of me

[Verse 2]

Am7

C

Autumn comes to cut me down to size

Am7

C

It becomes beautiful to die

Still waiting, patiently

G

Tell me

[Pre-Chorus]

Am7

Em7

Do you even know what depression looks like?

Am7

Is it tangible?

Em7

See through every disguise

Am7

So much to show

Em7

But is my progression finite

Am7

Does it matter at all? (matter at all)

[Chorus]

C

Lately I'm feeling like the only tree

Breaking through the canopy

Hoping for sunlight

Am7

Leaving my roots behind

C

Talk like you always know what's best for me

The voices they are deafening

Staring past my eyes

Am7

Telling me how I die; alone

G

F

I have everything that I need

G

F

But I can't see what's in front of me
