Dr Feel Good - Travie McCoy Ft Bruno Mars

This tab is for the live acoustic version that Bruno Mars plays while on the sets of Billionaire. To check out the video go here:

There are just 4 chords which are repeated throughout the song. They are:

Dm x57765

Em x79987

Asus4 x779810 or xx79810 (That s a ten in the end, not one and zero)

A x77989 or xx7989

I m sure the name of the last two chords are incorrect but their root string has that note, and the non-barre chords sound similar.

-----x-----x-----x-----x-----x-----x-----x-----x-----x

The chorus is as follows:

Dm
Doctor

Em **Asus4** **A**
Won t you come and help me take this pain away...

ooh

Dm
Doctor

Em **Asus4** **A**
Give me what I need to get me through the day...

Dm
I want that feel good

Em
That feel good

Asus4
That feel good.... yeah.

-----x-----x-----x-----x-----x-----x-----x-----x-----x

And thus it goes on continuing in the same manner. Please watch the video while learning this song to figure out the strumming pattern.

ThanQ for reading.

-----x-----x-----x-----x-----x-----x-----x-----x-----x
