

Dead And Gone

Travis Garland

I found this song on YouTube, and I found a song similar on here, so I used those chords to figure out this song :) You need to listen to the song to get the timing right, here s a link http://www.youtube.com/watch?v=2oM_9xwRRZI

I don t normally put the capo on, but you could to match your voice if you have to.

Am C G F E x2

(I m not the same person I used to be
I m moving on, it s just for me)

Am **C**
Do you remember when you told me that
G
I d never be good enough for anyone?
F
That I wasn t worth your time?
E
Your energy?

Am
And why did I listen then?
C
Why didn t I stand up for myself?
G
You made me believe
F
That I was on the road to nowhere
E
To nowhere

(Chorus)
Am **C**
And oh, I was listenin for way too long
G
Should ve known I m way too strong
F
To let you just lead me on
E
Lead me on
Am **C**
And oh, I was travelin on that road too long
G
Just tryna find my way back home
F

But the old me was dead and gone

E

Dead and gone, oh woah

Am

I ve been thinking bout all that we been through
Every place that you and me went to

C

Thinkin back on, stupid little memories
Thinkin bout the times when my heart felt empty

G

Wait--that was all the time
Cause we just weren t fine, we fake it

F

A true friend stab you in the front

E

So tell my why my back is aching

Am

You can t say, you just choke
Hey h-h-hangman there s your rope

C

Dang, what s a five letter word for you
Well pick up and you got beat at your game

G

Burn every bridge but you still see smoke
Tryna get across but you sank every boat

F

You can smoke every day of your life

E

But when I m on the mike
Imma be more dope

Am

C

And oh, I was listenin for way too long

G

I should ve known I m way too strong

F

To let you just lead me on

E

Lead me on

Am C G F E x2

(So you can love me for who I am
Or hate me for who you think I am
But the old me is dead and gone
I m moving on now)
