

**A Different Room**

**Travis**

**Em G**

Once a while

**D**

I see what s going on

**Am**

And disappear

**G**

**D**

**G**

**Em**

Into the world behind the one that s here

**G**

It never lasts

**D**

As long as a dream can last

**Am**

And then I m back

**G**

Into the ways

**D**

**G**

**Em**

That make the days go fast

**Am**

**Em**

**Am**

**Em**

So grab my hand and make it last

**D Am Em**

And hold me close

**D**

Don t leave so soon

**Am**

**G**

Let all the flowers bloom

**D**

**Am**

**Em**

And don t let go

**D**

Or I will blow

**Am**

**Em**

Away into a different room

**G**

Is it so strange?

**D**

Tell me you feel the same

**Am**

Or shut my mouth

**G**

**D**

**G**

**Em**

I can t pretend I haven t said it now

**G**

Let s just pretend

**D**

Our numbered days won't end

**Am**

Infinity

**G D G D**

This endless space and time for you and me

**Am Em Am Em**

And yours and mine, forever we

**D Am Em**

Will hold me close

**D**

Don't leave so soon

**Am G**

Let all the flowers bloom

**D Am Em D**

And don't let go or I will blow

**Am Em**

Away into a different room

**Am C Em D**

And there's no door to get me back, to get me back there

**Am C Em D**

There's no window to see

**Am C Em D**

I tell myself that it was no, that it was nowhere

**Am C Em D**

And all becomes a dream

**D Am Em**

Hold me close

**D**

Don't leave so soon

**Am G**

Let all the flowers bloom

**D Am Em D**

And don't let go or I will blow

**Am Em G**

Away into a different room
