Ancient Train " Travis

Intro: G (with whistling)

Verse:

C#
I m a little boy
F#
In the world today
C#
Trying to live his life
F#
In a grown up way

Sometimes I get so scared
That I can hardly move
But I m a little boy
With a lot to prove

Chorus:

F#
Somedays go by so fast
Sometimes I wonder
C# **F#**
How long will this young boy last?

Verse:

Now I m an ancient train
Going down the track
I always make my way
Never turning back

Because my wheels are old
Sometimes I ride real slow
But I m an ancient train
With a place to go

Chorus:

I used to ride so fast
Sometimes I wonder
How long will this old train last?

Solo: (over verse chords)

Final Chorus:

Sometimes the song goes fast

Sometimes I wonder

How long will this old song last?
