What s so wrong? Why the face so long? Is it over?

and where you going that you no longer belong here?

and distance tells you that distance must come between love

where have you been love?

when the mistake we made was in never having planned to fall in love

singing this song, singing along

Am

makes it easier for me to see you go

but in doing so, in letting you go

it only serves to show me that i m still in love with you

instrumental: C F Dm7 G

singing this song, singing along

Am

makes it easier to see you go

but in doing so, in letting you go

it only serves to show me that i m still in love with you

so what s so wrong? why the face so long? are you changing?

and where you going that you no longer remember?

and distance tells you that distance must come between love

where have you been love?

when the mistake we made was in never having planned to fall in love

it s just the chance we took, having never ever planned to fall in love

it s just the chance we took, having never ever planned to fall in love, love,

love
