

Me Beside You
Travis

A **D**
Dearest darling, look at me

Bm **D**
Stuck away up on an old oak tree

A **G**
Looking down and as far as I can see...

A **D** **A**
(a nice deep breath taken)

A **D**
Dearest darling, look inside

Bm **D**
Come with me and we ll walk for a while

A **G**
And I ll define with you beside

G **D** **A** **D**
Me beside you beside no one else will do besides

A **D**
Dearest darling when we wake up

Bm **D**
Don t be cold and turn away, love

A **G**
Cos there s nowhere that I d rather be

G **D** **A** **D**
Me beside you beside no where else I d be besides

A **D**
Dearest darling time will tell us

Bm **D**
If we ll fill up our empty wells

A **G**
But until then we re by ourselves

G **D** **A** **D**

Me beside you beside no one else will do

G **D** **A** **D**
Beside me beside you besides no one else will do
