

Mother
Travis

Hello. Can t believe I finally get the chance to write the this is my first tab... speech after reading it so many times. So, well... I m sorry I don t know the real names to those chords. It s probably a bit off but since there isn t a tab yet for that song I guess that will do until you post a better version ;) This was based on the acoustic version of Travis s song Mother which is on ther latest record Where You Stand . It s amazing so if you haven t bought it yet you should definitely do so.

Standard tuning - no capo.
