

Safe

D	D5	D*	D4
Take all the goods from all the bads			
D	D5	D*	D4
And tell the people that you ve gone away			
D	D5	D*	D4
Now lift your head up to the sky			
D	D5	D*	D4
And now you can tell apart the black from the white			

And we waste the time they treasure dear
And my only thought is that they could be right
Well look there goes another year
About as distant as a satillite

	D	D5		D*	D4
And I feel	safe,			so safe	
	D	D5		D*	D4
And I feel	safe,			so safe	
	D	D7	G	G	
And I feel	safe,		so safe		
C					
So safe					

The worlds a small child in the dark
And my mind s the same place that it s always been
The monsters seem to fade so fast
Upon the waking of another dream

	D	D5		D*	D4
And I feel	safe,		so	safe	
	D	D5		D*	D4
And I feel	safe,		so	safe	
	Em				
And I feel	safe,	I feel	so	brave	

I m not afraid of anything they ve got to say

If your okay, because your tucked away
Em
 Don t go astray

You've got to be just who you are, who you are

When I was young things didn t last
My only cures went to the price of sweets
Now I m older I can laugh
A dolly mixed up man with rotten teeth

	D	D5		D*	D4
And I feel	safe,		so	safe	
	D	D5		D*	D4
And I feel	safe,		so	safe	
	D	D7	G	G	
And I feel	safe,		so	safe	
C					
So	safe

And I feel	safe,		so	safe

So	safe
