CAPO 2ND FRET

C **F** **C** **F**
Calling all you non-achievers we are at one and we make a stand
C **F** **C** **F**
All wishers of no direction keep it insane til we reach the end
Em **F** **Em** **F** **G**
Now I imagine all these people running up to shake our hands
C **F**
As we walk along we could be famous
C **F**
As we walk along we could be famous

C **F** **C** **F**
Yellow buses, streams of caravans winding the highway like a snake
C **F** **C** **F**
Pity all those unbelievers busy in life til they make the grade
Em **F** **Em** **F** **G**
Now I imagine ancient places sunnin in some endless heat

C **F**
As we walk along we could be famous
C **F**
As we walk along we could be dreamers
C **F**
As we walk along we could meet strangers
C **F**
As we walk along we could be dangerous

Now I imagine all these places I imagine all these things

As we walk along we could be famous
As we walk along we could be invisible
As we walk along we could meet strangers
As we walk along we could be dangerous
